Welcome to Scripture Mapping!

Scripture mapping is a journey for those eager to delve into the Word of God. It's a tool to deepen your understanding of who God is and how God communicates through scripture.

The beauty lies not in where you start but in the transformative journey that unfolds, revealing God's nature and character. Guided by the Holy Spirit, your ever-present teacher and companion, you'll learn and grow regardless of where you begin.

Tools

- Pen
- Pencil
- Highlighter
- A good study bible (NIV Life Application Study Bible, ESV New Inductive Study Bible, and others)
- Scripture Mapping Pages

How To Map

- Choose your verse.
- Read the different translations.
- Follow the journal prompts to learn more about your verse.
- What words jump out to you? Highlight or circle them. List them and research their meaning.
- Be sure to look at the context of the verse and for what it was intended. Refrain from assuming you know what is happening (events) or what something means. What actions develop the story? What is happening, and to whom?
- Be sure to look for related scriptures, both Old and New Testament.
- What is the message God wants you to learn? What is God saying to you?
- Write down practical ways to apply what you've learned to your everyday life and relationship with God.

Keep In Mind

- This is for you. Make it personal. This is your journal, your study, your time with God.
- Do it your way. Make notes in your bible, highlight passages, highlight your worksheet, or whatever inspires you.
